

## **S K A L**

Born in 1956 in Vilnius, Vytenis Lingys now divides his time between his studios in Lithuania and Andalucia, Spain where he created his most recent series of works.

Being shown at VOLTA Basel June 10-16, his intricate lines and textured oils create expressions of me smirking ephemeral realms taking the viewer at the same time into the void of light.

Lingys has participated in over 40 group shows with 35 solo shows worldwide, most recently in Indonesia, Lithuania and Paris. He has been a member of the Lithuanian Artists Association since 1998.
